PUBLIC HEARING

INTRODUCTORY LOCAL LAW #I1 OF 2014 - AMENDING CHAPTER 155 OF THE VILLAGE CODE OF THE VILLAGE OF CORNWALL-ON-HUDSON, ESTABLISHING A LOADING ZONE ALONG THE EASTBOUND SIDE OF HUDSON STREET. Proof of Notice, Affidavit of Posting and Publication having been furnished, the Public Hearing on Amending Chapter 155 of the Village Code of the Village of Cornwall-on-Hudson, establishing a loading zone along the eastbound side of Hudson Street was called to order at 7:01 PM on a motion by Mayor Coyne, seconded by Trustee Kane, and carried by a vote of 5 Ayes and 0 Nays.

Lee Murphy of 269 Hudson Street complimented the Village Board for making progress on grocery deliveries at Cumberland Farms. That is “working quite well”; however, there is a continuing problem with gas deliveries. Trucks have a difficult time making gas deliveries due to tight/limited space. Mr. Murphy suggests that deliveries be made at a time when there will be a minimum disturbance of traffic flow, such as between 9:30 AM – 11:00 AM. At the present time, trucks are making deliveries as late as 10:45 PM and 12:30 AM. In addition, Mr. Murphy reported that there is an ongoing problem with trucks collecting trash from the dumpster. The process by which the dumpsters are emptied produces a 90+ decibel sound. Just the other day the dumpster was emptied at 5:30 AM.

Salvatore Buttitglieri, proprietor of Painters Restaurant/Inn, stated that the noises made during these evening gas deliveries and trash collections disturb his overnight patrons. Traffic congestion around Cumberland Farms is been a problem since he came to Cornwall-on-Hudson back in 1985.

Hearing no one further speak for or against Introductory Local Law #I1 of 2014, Deputy Mayor Edsall made a motion to close the public hearing at 7:08 pm which was seconded by Trustee Schmidt and carried by a vote of 5 Ayes and 0 Nays.
Mayor Coyne stated that he recently attended a meeting with 4 representatives of Cumberland Farms, Trustee Kane, Code Enforcement Officer Ben Maggio, and DPW Superintendent Halvorsen where they discussed the ongoing problems with deliveries. They were very cooperative. This evening the Village Board is trying to “solidify” the grocery delivery issue. They are continuing to work on finding a better way/time to make fuel deliveries. Trying to determine a timeframe to schedule the collection of refuse is more complicated but they have agreed to work together to find a solution.

Trustee Kane stated that scheduling fuel deliveries between “windows” of time may be required. He would like to schedule another meeting with Cumberland Lands to “hammer out” the details. Mr. Kane will do his best to get Cumberland Farms and their garbage carting service to schedule collections within a “window” of time as well.

Deputy Mayor Edsall thanked Mr. Murphy for providing a history of Cumberland Farms deliveries. This information has been very helpful to the Village Board.

Discussion followed regarding establishing time restrictions for the parking space in front of Cumberland Farms to be used as a loading zone.

RESOLUTION OF ADOPTION

Mayor Coyne introduced the following resolution and moved for its adoption.

WHEREAS, an Introductory local law entitled "A Local Law Amending Chapter 155 of the Village Code of the Village of Cornwall-on-Hudson, establishing a loading zone along the Eastbound side of Hudson Street” was introduced before the Board of Trustees of the Village of Cornwall-on-Hudson on April 21, 2014 and upon notice duly published and posted, a hearing was held on May 19, 2014 before the Board of Trustees; and

WHEREAS, Section 3 of the introductory local law has been amended to prohibit parking at the location specified as “Hudson Street, South Side, From 100 feet east of Avenue A to 190 feet west of Duncan Avenue” between the hours of 4:00 AM – 7:00 AM; and

WHEREAS, public discussion was heard at such hearing concerning the merits and environmental significance of said introductory local law;

NOW, THEREFORE, BE IT RESOLVED, that the adoption of the Introductory local law is hereby determined not to have a significant effect on the environment.

BE IT FURTHER RESOLVED, that the Introductory Local Law, as amended, entitled "A Local Law Amending Chapter 155 of the Village Code of the Village of Cornwall-on-Hudson, establishing a loading zone along the Eastbound side of Hudson Street” of the Village of Cornwall-on-Hudson be and hereby is adopted as Local Law #1 of 2014 of the Village of Cornwall-on-Hudson on May 19, 2014.

The foregoing resolution was seconded by Trustee Carnright and carried upon a vote of 5 Ayes and 0 Nays.
PUBLIC COMMENT

Peter Neuman of 9 Braden Place stated that he would be recording his comments this evening. He is here to put the Village Board on notice that a problem with the roadway along Braden Place has gotten worse since he reported it in a letter dated March 12, 2014. Portions of the road are “caving in”, the swales along the side of the entire roadway are “a mess”, and driveways are being undermined by the water run-off. Although the DPW has put barrels around the damaged roadway, it is a dangerous situation. Kids are riding bikes and skateboards, and cars are going up and down the roadway. Mr. Neuman further stated that a plumber put a camera in the sanitary sewer line near his home and indicated that it is being endangered because of water volume. This problem needs to be fixed before someone gets hurt or incurs any costs. Mr. Neuman then stated that when the Village Board decided to “do away with” the View Preservation Law a couple of years ago, he and his neighbors were not happy with it; however they accepted the decision and follow the code. He has noticed that Mayor Coyne has had a car parked in his driveway for “many” months without a license plate on it. If residents must follow Village Code, so should the Village Board.

MINUTES

Mayor Coyne made a motion to accept the April 21, 2014 Business Meeting Minutes as written, which was seconded by Trustee Carnright and carried upon a vote of 5 Ayes and 0 Nays.

The foregoing resolution was seconded by Deputy Mayor Edsall and carried upon a vote of 5 Ayes and 0 Nays.

- Letter from U.S. Department of Transportation Secretary Foxx, outlining measures taken to mitigate crude oil shipments by rail. Discussion followed regarding the Board members safety concerns and the volatility of the oil.

- Letter from Jayne J. Violon requesting relief of garbage charges at 7 Grandview Avenue because the house is empty.

Deputy Mayor Edsall made a motion to grant a 50% reduction in garbage charges effective May 1st in accordance with existing Village policy, subject to verification by DPW Superintendent Halvorsen that the house is empty. The motion was seconded by Trustee Carnright and carried upon a vote of 5 Ayes and 0 Nays.

- Letter from Bill and Ann Grisoli appealing the Village Board’s decision to deny his request for relief of garbage charges at 3 Duggan Lane because there has been water consumption at the house. The letter indicates that the water consumption is the result of lawn maintenance and from allowing faucets to drip during winter months to avoid the lines from freezing.

Deputy Mayor Edsall called this a “unique situation” and one that must be monitored. He then made a motion to grant a 50% reduction in garbage charges for a period of 6 months. The Grisolis will need to request another 6-month extension on or before November 19, 2014. The motion was seconded by Trustee Carnright and carried upon a vote of 5 Ayes and 0 Nays.

- Email from Jacqueline Grant of Hudson Highlands Nature Museum indicating that they have contracted with County Water for garbage and recycling collection at $40.00 per month effective May 19, 2014 and will no longer require the services of the Village.
After some discussion, the Board tabled this item for further research. They will request documentation of the Museum’s first bill with County Waste and proof of proper insurance since heavy equipment will be going on Village property.

- Letter from Peter and Aldona Gobuzas who own property located at 78 Duncan Avenue requesting relief of penalty charges because their Village tax payment dated March 15, 2014 was never received by the Village Tax Collector. It was apparently lost in the mail.

After some discussion, Deputy Mayor Edsall made a motion to deny the request in accordance with past Village policy which was seconded by Trustee Kane and carried upon a vote of 5 Ayes and 0 Nays.

PATTERN FOR PROGRESS – INFRASTRUCTURE CONFERENCE

Mayor Coyne reported that he and Deputy Mayor Edsall attended an infrastructure conference sponsored by Pattern for Progress on May 19th. The discussion was focused on the need to rebuild infrastructure, including highways and bridges, in this country.

Deputy Mayor Edsall stated he is upset with the repeated calls for increases in the “gas tax”. The problem isn’t that not enough revenue is being collected in taxes, it’s in using the money for the intended purpose. According to a tax collection audit conducted by the State Comptrollers Officer only 22 cents on a dollar actually goes toward road improvements. The rest is “lost”. In addition, the tax levy cap does not provide an exemption for capital improvements. Mr. Edsall has spoken out against this issue repeatedly. There is no way you can have a levy cap of this sort, and then dropping it more, and expect municipalities to deal with anything. A topic of discussion at today’s conference dealt with the need for an exemption from the property tax cap for capital improvements.

KIRYAS JOEL’S MOUNTAINVILLE WELL

Mayor Coyne reported that a public hearing on the proposed Kiryas Joel Mountainville Well was held in an afternoon and an evening session on April 29th. It was well handled and approximately 80 people spoke. The money it has cost the Village for legal advice and representation and engineering review was “well spent”. The Village intends to expand our water district to the western part of Cornwall and we are “watching our water” carefully.

GLEN DENING PROPERTY

Mayor Coyne reported that Jacobowitz & Gubits, LLP, the firm representing Ms. Glendening, has made a request to re-zone the rear portion of her property from CR-1 (Conservation Residential District) to SR (Suburban Residential District) so that the entire property is located within one zoning district, or to amend the Village of Cornwall-on-Hudson table of use regulations for CR-1 District to include a use classification of library, museum, and art gallery as a permitted use upon site plan review and approval. They have asked that the Village Board refer this request to the Planning Board for review and recommendations.

Deputy Mayor Edsall stated that when there is a particular proposal as to how amend our law, an initial version of that document, when available, gets referred to the Planning Board for its review and comment in accordance with state statute. In his opinion, it is premature to send it over when there is a “concept” of changing the code but not a specific code revision written. The Village Board has raised
concerns not only with a proposed zone line change or bulk table revision to allow those uses in an adjacent zone, but also with consequential secondary uses on the property such as large gatherings and traffic caused by them. Any amendment to the zoning law should deal with how to control that type of use, and therefore something the Village Board should address. It is more of a legislative issue than just a referral to the Planning Board.

Attorney for the Village McKay stated that this is a two-step process. Once the Village Board is satisfied that a proposed amendment is in a “reviewable format”, then under our code it is a mandatory referral to the Planning Board for its review and comment. He suggests that the applicant be required to post an escrow and enter into an escrow agreement to cover any costs that may be incurred by the Village associated with the review of this matter. Discussion followed.

Mayor Coyne agreed to draft a letter to Ms. Glendening.

LARVICIDING OF CATCH BASINS
